CYCLONE'S HARVEST

West Indies Visited by the Most Destructive Storm of the Present Century.

APPALLING LOSS OF LIFE

Three Hundred People Killed on St. Vincent Island—20,000 Injured—Complete Destruction of All Provisions and the Survivors Are Starving.

Kingston, Jamaica, Sept. 16.—The hurricane of Sunday was undoubtedly the worst visitation of the kind ever experienced by the West Indies during the present century. The hurricane swept along the island chain, from Barbadoes westward to St. Kitts, whence it was last heard of.

Barbadoes suffered mostly from the rain which destroyed crops and roads, as it did at St. Lucia and other islands, while the center of the storm swept over St. Vincent and Guadeloupe. Details received from St. Vincent show an unparalleled destruction of life and property.

Out of a population of 41,000, 300 were killed and 20,000 injured and rendered homeless. Besides, owing to the complete destruction of provisions, they are all starving. The island has been absolutely gutted by wind and floods from the mountains, in addition to the waves along the coast. There has been a great loss of shipping along the track of the cyclone.

Relief funds are being raised in response to an appeal of the governor of St. Vincent, Mr. A. J. Deschamps, for food, clothing and other necessities were lost in the general destruction. The demand for building material is unlimited. No details of the work of the hurricane have been received from Guadeloupe.

GIVEN A SQUARE MEAL.

Fourth United States Infantry Has Returned to Fort Sheridan—Well Treated in Chicago.

Chicago, Sept. 16.—The 4th United States Infantry, Major Stephen Baker commanding, arrived in Chicago today. The regiment was breakfasted in a fashionable downtown restaurant, and departed immediately over the Northwestern road for Fort Sheridan, where it was located before being called out. The ranks of the regulars have been sadly depleted since their departure for Santiago, only nine officers and 225 men returning. In the battle of El Caney this regiment alone lost three officers and 40 men. Since then many have died of fever.

Took Too Much Morphine.

St. Louis, Sept. 16.—D. Villeneuve, a reputed millionaire of Austin, Tex., is dying at the city hospital from the effects of an overdose of morphine. For two weeks Villeneuve has been stopping at the Lindell hotel under the care of physicians. This forenoon moans were heard coming from his room and an investigation resulted in finding Villeneuve suffering from the effects of morphine.

STORM AT MONTAUK POINT.

Severe Rain Continued All Night—Soldiers Rapidly Leaving for Other Camps.

Montauk Point, Sept. 16.—A severe rainstorm set in here last night and continued this morning. The storm did no damage to the camp, but there were 600 men in the general hospital today. On account of the storm no sick soldiers were transferred to the city. Two hundred and fifty men of the 22nd Infantry, under the command of Colonel Van Horn, departed for Fort Crook at Omaha, Neb. Five hundred men of the 12th under Colonel H. Humphreys, hope to get away this afternoon for Huntsville, Ala. There were two deaths today.

General Shafter said today that he would remain here until troops have all departed and will personally see to their getting away. General Greeley, of the signal service, left on a morning train, his work here being finished.

General Wheeler has announced that the cavalrymen will not ride through Long Island into New York as was first proposed. There are over a thousand soldiers to be moved and General Wheeler says they can best be taken away on transports.

General Schofield Still Considering.

Washington, Sept. 16.—General Schofield today had nearly an hour's conference with President McKinley regarding the matter of his acceptance of a place on the commission to investigate the conduct of the war. On leaving, the general said the matter was still in abeyance.

Puerto Rico Troops Returning Home.

New York, Sept. 16.—The United States transport from Alamo, with troops from Ponce, Puerto Rico, proceeded from quarantine to the Pennsylvania railroad pier at Jersey City, today, where trains were waiting to convey the returning volunteers to their homes in the District of Columbia, Pennsylvania and Illinois. Company A, provisional battalion of engineers, 1st Illinois volunteers, was among the troops debarked. This company was the first to land in Puerto Rico, going ashore at Guanica July 25, and was the only Illinois command that saw service both in Cuba and Puerto Rico. The District of Columbia soldiers are in prime physical condition.

North Atlantic Squadron Reorganized.

Washington, Sept. 16.—Secretary Long this afternoon issued an important order reorganizing the North Atlantic squadron. The fleet is reduced from a force of about 100 vessels to 32, the remainder being detached, ready for disposition in the future. The four vessels from the Morgan line, the Prairie, Yosemite, Yankee and Dixie, with the auxiliary cruisers Badger and Panther, are ordered laid up in reserve at League Island. The fleet as reorganized will consist of the Indiana, Massachusetts, Texas, New York, Brooklyn, Amphitrite, Puritan, Miantonomah, Terror, Cincinnati, Montgomery, Newark, San Francisco, Detroit, Marblehead, Mayflower, New Orleans, Bancroft, Maritima, Topeka, Castine, Nashville, Wilmington, Machias, Princeton, Fern, Wasp, Hist, Resolute, Potomac, Scorpion and Albatross.

MINISTERIAL CRISIS PREDICTED.

Dreyfus Case Continues to Disturb France—Revision of the Cause Will Undoubtedly Be Granted.

Paris, Sept. 16.—The newspapers say the minister of justice, M. Sarrien, has completed an examination of the documents in the Dreyfus case, and will communicate to the ministers at a cabinet council tomorrow, his intention to refer the matter to a commission competent to undertake revision proceedings. The general opinion is the cabinet will adopt the proposal for revision unanimously, with exception of the minister of war, General Zurlinden, who yesterday informed the minister of justice that he intends to resign if it develops that he does not agree with his colleagues.

The Figaro, Le Matin and others say they believe that in case M. Zurlinden resigns, M. Brisson, the premier, is resolved to take the portfolio of the minister of war and give the portfolio of the minister of the interior to M. Vallee. The Gaulois predicts a ministerial crisis.

Spanish Peace Commission.

New York, Sept. 16.—A dispatch to the Herald from Madrid says: Premier Sagasta, having routed his enemies, and as Romero Robledo says, dispersed them, at once proceeds to nominate his Paris commission, whose instructions will be clear and decisive. The commissioners will be instructed that their mission shall be completed with the utmost speed. The names of the commissioners appointed up to date are: Montero Rio, Spanish representative to Brussels; Senor Villaverde, who is considered one of the rising diplomats of Spain; General Curdo, one of the most illustrious of scientific military men in the country; Senor Garcia, a magistrate well versed in matters of international law, and probably Senor Abadiza, an old friend of Castelar.

COLLISION AT SEA.

Schooner Ran Into by Boston Steamer and Nine of the Crew Drowned.

Boston, Mass., Sept. 16.—The steamship Gloucester, of the Merchants and Miners Transportation company, which arrived here this forenoon from Baltimore, reports that at 1:30 this morning, she collided with the schooner Alice Jordan, off Martha's Vineyard and nine of the Jordan's crew were drowned. Seven of the crew were saved and brought here on the Gloucester.

Poisoning Plot Unearthed.

Seoul, Korea, Sept. 16.—It is reported here that a high official at the palace named Ko has confessed that he ordered the cook of the royal household to poison the food intended for the king and the crown prince, both of whom became seriously ill Sunday last. The official further confessed that the plot was instigated by a former interpreter attached to the Russian legation there, once a court favorite, but now in disgrace.

INSURGENTS STILL IN-SURGING.

But Thousands a "Split in the Party" and 15,000 Natives Are After Aguinaldo.

New York, Sept. 16.—A dispatch to the Herald from Manila says: The insurgents, instead of evacuating all the suburbs of the city, as General Otis ordered, have removed from Ermita, Santa Ana, where they appear to be concentrating a strong force. It is reported that Aguinaldo has ordered this place held at any cost.

A former rebel chief, Isabelo Artacho, who was condemned to death by Aguinaldo for treachery in May, was recovered and has escaped, and is leading 15,000 men against Aguinaldo. Artacho is backed by the priests.

At a meeting of the rebel leaders in Malabo, a majority will vote for autonomy under American protection. All the Spaniards in the northern provinces are now prisoners. The rebel steamer Bulusan has been sunk by a Spanish gunboat at Marbat.

South Dakota Enjoys an Earthquake.

Hurley, S. D., Sept. 16.—An earthquake aroused the people here at 4 o'clock this morning. It made the houses tremble and dishes to rattle on the shelves for about 30 seconds. It seemed to travel eastward.

EVACUATING PUERTO RICO.

Spanish Troops Leaving Outposts for San Juan—Waiting for Transports to Carry Soldiers to Spain.

San Juan, Puerto Rico, Sept. 15.—At a meeting today, the Spanish evacuation commissioners agreed to begin formal withdrawal of their lines within two days. They will evacuate Lares, San Sebastian, Aguadilla, in the northwest of the island, withdrawing towards the capital. Under the armistice, they could not withdraw outposts without paparr.

Detachments of the 11th infantry will occupy this territory and raise the American flag. The abandonment of other outposts will rapidly follow. The Spanish commissioners understand perfectly that the evacuation of the islands must be in accordance with the terms of the protocol, so soon as transports can be secured. Transports from Cuba and Puerto Rico are to be landed at different ports in Spain. The Spanish authorities here can not control the transports in this respect. They must await the pleasure of Madrid. Our commissioners realize the force of this argument and are willing to make reasonable concessions.

AFFAIRS AT MANILA

General Otis' Dispatches to the War Department—No Difficulty with Insurgents Anticipated.

HEALTH OF COMMAND GOOD

Trade and Commerce Active—Treasury Receipts Exceed Expenditures—United States Laws Applied to Admission of Chinese and Opium.

Washington, Sept. 16.—The following dispatches were received today from General Otis:

Manila, Sept. 16.—Adjutant General, Washington: In his opinion, based upon present indications, no further force is required. The insurgent leaders in politics and the army are in an excitable frame of mind, but the better portion is amenable to reason and desire to make an approved reputation before the civilized world.

"Otis, Commanding."

Manila, Sept. 16.—Adjutant General, Washington: I telegraphed the situation briefly yesterday. The insurgents have acceded to every demand, evacuated the entire city of Manila, except a small force in one outlying district. No difficulty is anticipated and no concession has been made them. They express a strong desire to maintain friendly intercourse with the United States government in all particulars. They organized a congress Thursday at Malolos, 20 miles north of this city, to frame a plan of government. Manila is very quiet. The military government is being perfected gradually. Large force is employed policing and cleaning the city. Health of the command is satisfactory. Trade and commerce are active, the treasury receipts since August 14, being \$540,000 in Mexican currency. The Philippines monthly expenses will aggregate at least \$350,000; nearly one-half required to subsidize 13,000 Spanish prisoners. Believe the receipts will largely exceed the expenditures. Tariffs and duties imposed, as directed by the president on July 12, but received in the currency of the country as on a gold basis would almost double the former Spanish duties. United States laws have been applied to the admission of Chinese and opium. Sales of licenses for lotteries and other pastimes opposed by public morals have been discontinued.

"Otis, Commanding."

War Department Not Apprehensive.

Manila dispatches stating that Aguinaldo has assembled all the Filipinos at Malolos. Believe the receipts will largely exceed the expenditures. Tariffs and duties imposed, as directed by the president on July 12, but received in the currency of the country as on a gold basis would almost double the former Spanish duties. United States laws have been applied to the admission of Chinese and opium. Sales of licenses for lotteries and other pastimes opposed by public morals have been discontinued.

ROYALLY WELCOMED.

Columbus Suspended Business to Greet Troops Returning from Cuba—Public Schools Dismissed.

Columbus, O., Sept. 16.—Columbus suspended business today to welcome home the 7th Ohio Infantry. Ambulances were provided for the men who were unable to sit up, while 60 were removed direct to the barracks in canteen wagons. A procession was formed, the regiment being headed by the police and fire department, escorted by Buckeye troops, K. of P., the mounted Columbus battalion, K. of P., Columbus Rifles, mayor, city officials and the board of trade.

General Miles Improving.

Washington, Sept. 16.—General Miles is much improved, having no fever today. He is expected back at army headquarters soon.

COULD NOT SLEEP.

Mrs. MADGE BABCOCK, 176 Second St., Grand Rapids, Mich., had ovarian trouble with its attendant aches and pains, now she is well. Here are her own words:

"Your Vegetable Compound has made me feel like a new person. Before I began taking it I was all run down, felt tired and sleepy most of the time, had pains in my back and side, and such terrible headaches all the time, and could not sleep well nights. I also had ovarian trouble. Through the advice of a friend I began the use of Lydia E. Pinkham's Vegetable Compound, and since taking it all troubles have gone. My monthly sickness used to be so painful, but have not had the slightest pain since taking your medicine. I cannot praise your Vegetable Compound too much. My husband and friends see such a change in me. I look so much better and have such color in my face."

Mrs. Pinkham invites women who are ill to write to her at Lynn, Mass., for advice, which is freely offered.

Disembodied Remains Identified.

Bridgeport, Conn., Sept. 16.—There seems to be almost no doubt that the woman whose disembodied body was found in Yellow Mill pond was Grace Marian Perkins, of Middleboro, Mass. The identification by the young woman's father was supplemented today by that of a Middleboro dentist who treated Miss Perkins' teeth. Miss Perkins left home three weeks ago, presumably with Charles Bourne, a young man, and since that time all trace of her had been lost.
